## Case Study Sharjah Central Shopping Mall

**Infinite Full Height has delivered ultra-modern and sleek washroom facilities to Sharjah Central Shopping Mall in United Arab Emirates.**

Sharjah Central is a newly developed two storey retail and leisure destination, offering an enriching shopping experience to the local community in Sharjah, UAE. Boasting a wide selection of shops, restaurants, a 10,000 square metre hypermarket and an extensive entertainment complex, Sharjah Central's mission is to be the ultimate leisure destination for families and entertainment seekers.

Being in close proximity to Sharjah International Airport and Sharjah University City, footfall was expected to be high and steady. With this in mind, Abu Dhabi based management company Lulu Group International required a premium cubicle system which would offer visitors privacy and could stand the test of time too.

Infinite Full Height toilet cubicles were specified in heat, scratch and impact resistant High Pressure Laminate (HPL), an ideal material for heavily used areas. The ultimate in classic modernity, Infinite Full Height delivers sleek, clean lines, flush-fronts and minimalist fittings. 'Cloud' and 'Gunmetal' were the colours of choice for the cubicles, complementing the décor of the modern washrooms.

The cubicle partitions and pilasters are fixed to the floor and ceiling with fixing blocks for style and rigidity in equal measure. Meanwhile, the ceiling to floor cubicles and 20mm door clearances guarantee total user privacy.

The Infinite range boasts sleek stainless steel lever operated indicator bolts that offer quick emergency release from outside of locked cubicles. This means no damage is done to the cubicles or locks in the event of an emergency, which is a key consideration when specifying commercial washrooms in busy settings.
