<b>Floor clearance</b>	5mm at doors 0mm at partitions and pilasters
<b>Minimum ceiling clearance</b>	6.5mm

## Performance

Available in three material options, Centurion is suitable for every type of wet or dry environment, allowing you to specify the most appropriate option to meet the site requirements and your budget.

**MFC**  
For dry environments with low risk of vandalism. Panels are manufactured from 19mm nominal thickness high performance moisture-resistant melamine faced chipboard. Edges lipped with ABS.

**HPL**  
For more heavily used washrooms, panels are heat, scratch and impact resistant. Manufactured from moisture-resistant chipboard faced with high pressure laminate, panels are 19mm nominal thickness. Edges lipped with ABS.

**SGL**  
Solid grade laminate is extremely resistant to impact and all surfaces are impervious to water. Panels are 13mm nominal thickness with polished black radiused edges.

## Detailing

**Panels and doors**  
Available in MFC, HPL and SGL.

**Colour finish**  
**MFC, HPL and SGL**  
34 colours from the standard range.
